RE: Further Review of North Carolina Green Party Petition Entries

Dear Chair Circosta, Executive Director Brunson, and Members of the Board:

I write regarding petition papers submitted to the North Carolina State Board of Elections (“NCSBE”) by the North Carolina Green Party on or before May 17, 2022.

As you know, Chapter 163, Section 96(c) of the North Carolina General Statutes requires that “[e]ach petition” for the recognition of a new political party “be presented to the [C]hairman of the board of elections of the county in which the signatures were obtained.” The County Chairman must then “examine the signatures on the petition and place a check mark on the petition by the name of each signer who is qualified and registered to vote in his county.” N.C. Gen. Stat. § 163-96(c). Specifically, each County Chairman is required to attach a signed certificate to each petition (i) stating that the signatures on the petition have been checked against the county’s registration records and (ii) indicating the total number of individuals found qualified and registered to vote in the Chairman’s county. *Id.*

The petition papers ultimately filed with NCSBE by the Green Party included 22,521 submitted names, of which 15,953 were ultimately certified as valid by County Chairmen across the state. *See* N.C. State Board of Elections, Petition Search – North Carolina Green Party.¹ However, for the reasons detailed below, entries apparently certified by County

¹ Available at <https://vt.ncsbe.gov/PetLkup/PetitionResult/?CountyID=0&PetitionName=NORTH%20CAROLINA%20GREEN%20PARTY>.

Chairmen in certain counties, as indicated in **Exhibit A**, should not have been found valid. Accordingly, I write now to request further review of those entries by the NCSBE, and implore the NCSBE delay certification of the Green Party's request for recognition until NCSBE finishes such review.

A global and detailed review of the petitions in each of the identified counties shows the following entries may have been wrongfully certified by the respective County Chairmen:

- Entries without *any* accompanying signature, in violation of N.C. Gen. Stat. § 163-96(c)(1), (2)(a);
- Entries on behalf of individuals not registered to vote within their respective county, in violation of N.C. Gen. Stat. § 163-96(c)(1), (2)(b);
- Entries submitted on pages that fail to accurately state the name and address of the State chairman of the proposed new political party, in violation of N.C. Gen. Stat. § 163-96(b);² and
- Entries submitted to the respective County Board of Elections after the May 17, 2022, statutory deadline, in violation of N.C. Gen. Stat. § 163-96(c).³

These errors are detailed in the attached **Exhibit A**, which reflects deficiencies with petition entries that appear to have been certified by County Chairmen in the indicated counties. At a minimum, I ask NCSBE to review these entries to ensure they were correctly certified in accordance with Chapter 163, Section 96(c) of the North Carolina General Statutes.

I also respectfully request a re-examination of petition sheets filed by the North Carolina Green Party bearing the names "Josh M." (or "Josh Mullins") and "ACE." Sheets with these names appear to frequently contain entries that were plainly written and signed by the same hand, suggesting that these circulators may have purposefully submitted fraudulent petitions. *See*

² The North Carolina Green Party co-chairs are Tony Ndege and Jan Martell. *See* N.C. Green Party, *Contact*, <https://www.ncgreenparty.org/contact>.

³ North Carolina law is clear that petitions filed after a statutory deadline are invalid. *E.g.*, *Gaskill v. State ex rel. Cobey*, 428 S.E.2d 474, 475 (N.C. App. 1993) ("North Carolina cases interpreting administrative laws have consistently held that a contested case petition to challenge an agency's decision must be filed within the statutory deadline." (collecting cases)); *Lewis v. N.C. Dept. of Human Resources*, 375 S.E.2d 712 (N.C. App. 1989) (upholding dismissal of a petition filed one day after statutory deadline); *Gummels v. N. Carolina Dep't of Hum. Res., Div. of Facility Servs., Certificate of Need Section*, 392 S.E.2d 113, 115 (N.C. App. 1990). The Chairman's certification of such tardy petition entries therefore constitutes a violation of their statutory duties under N.C. Gen. Stat. § 163-96(c).

Exhibit B.⁴ Although certain counties correctly declined to certify many of the signatures collected by these individuals, a review of the petition sheets reveal that in numerous other counties, the County Chairmen apparently certified entries written and signed on petition sheets bearing the names “Josh M.,” “Josh Mullins,” or “ACE.” Due to the apparent fraudulent signatures submitted by these individuals, it is impossible to certify that these pages contain the true signature of the voters listed therein, and these pages should be struck from the petition. *To be clear*, other Green Party circulators also appear to have submitted fraudulent signatures, and the Board should carefully scrutinize those signatures as well, pursuant to its statutory duties.⁵ However, the pervasiveness of the number of apparent fraudulent signatures submitted specifically by “Josh M.” or “Josh Mullins” and “ACE” require that their sheets be disregarded in full.

The NCSBE has an obligation to “compel observance of the requirements of the election laws by county boards of elections.” N.C. Gen. Stat. § 163-22(c). And it has the further duty to “determine the sufficiency of petitions filed with it” on behalf of potential new parties. N.C. Gen. Stat. § 163-96(a)(2).

These obligations and duties compel additional review of the entries identified in **Exhibit A** and the petition sheets filed by “Josh M.,” “Josh Mullins,” or “ACE.” Therefore, I respectfully ask NCSBE to review these petition sheets and entries to ensure they comply with the requirements of Chapter 163. Indeed, NCSBE should refrain from determining the sufficiency of the Green Party’s submission until it is able to assure itself and the public that the Green Party’s petitions contain valid signatures that were obtained in compliance with the law.

Thank you for your time and attention to this important matter.

Sincerely,

Michael V. Abucewicz

Michael V. Abucewicz

⁴ Notably, the North Carolina Green Party compensated its circulators on a per-signature basis. See North Carolina Green Party, Stipend Petitioner Application Form. **Exhibit C.** North Carolina’s own Election Technology Training manual warns that paying circulators to collect signatures may lead to “unintended consequences” including the submission of “fraudulent signatures.” **Exhibit D.**

⁵ In parallel correspondence sent to the Board today, June 29, 2022, I attached an Exhibit E compiling many examples of such fraudulent signatures. This exhibit included sheets filed both by “Josh M.” and “ACE,” as well as other Green Party circulators. This may not be an exhaustive collection of fraudulent signatures submitted by Green Party circulators, and accordingly I respectfully request that the Board carefully examine every petition sheet to prevent the counting of fraudulent signatures.

PETITION FAQ

Question: May a petitioner pay someone to collect signatures?

Answer: Yes, however they should be aware of unintended consequences. Should a collector submit fraudulent signatures that are subsequently rejected, they may not end up with enough valid signatures by the deadline.

Question: Can a candidate interested in running for an unaffiliated or write-in seat for a contest that won't be on the ballot until 2020 start their petition now?

Answer : Yes. If the seat is next on the ballot in 2020, the petitioner may begin their petition now.

Question: Can an unaffiliated candidate petition in lieu of filing fee?

Answer: There is no provision in law to waive the filing fee for an unaffiliated candidate in a partisan election.
